EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

2. This application is in condition for allowance except for the presence of claims 30-33 directed to an invention non-elected without traverse. Accordingly, claims 30-33 have been cancelled.

3. The following is an examiner's statement of reasons for allowance:

4. Wossner, US4493231, teaches a fixture for finishing a brake rotor while the brake rotor is assembled to a hub and a knuckle of a vehicle, however Wossner teaches that the finishing of the rotor takes place after the rotor has been mounted to the vehicle. The examiner has assigned significant weight to the limitation that the finishing of the brake rotor occurs prior to mounting the brake rotor to the vehicle and that this step is not merely a matter of design choice but a significant step in the accuracy of the finishing taking place in applicants' method.

5. Austin et al., US5937499, teaches a fixture for finishing a brake rotor while the brake rotor is assembled to a hub and a bearing assembly (figure 4) while the finishing of the rotor takes place before the rotor has been mounted to the vehicle. Austin does

not however teach that the knuckle (36, figure 5) is attached to the assembly while the brake rotor undergoes a finishing process. The examiner has interpreted the knuckle not to include the outer race of the bearing (34) by which the knuckle (36) is mounted to the hub and brake rotor and that finishing of the brake rotor while it is attached to the hub and the knuckle is a significant step in the accuracy of the finishing taking place in the applicants' method.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Christopher M. Koehler whose telephone number is (571) 272-3560. The examiner can normally be reached on Mon.-Fri. 7:30A-4:00P.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Bryant can be reached on (571) 272-4526. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
